Executive Summary

The 2022 Consolidated Annual Performance Evaluation Report (CAPER) provides a description of the activities the City of Lakeland undertaken during the program year beginning October 1, 2022, and ending September 30, 2023, to address priority needs and objectives identified in the Five-Year Strategic Plan a key planning component of the 2021-2025 Consolidated Plan for Housing and Community Development Programs. Activities and accomplishments described in this report primarily benefit very low- and low-moderate income residents of the City of Lakeland. The City of Lakeland designated the State of Florida as the Lead Agency to act as the grantee and recipient of Housing Opportunities for Persons with AIDS (HOPWA) funding for services on behalf of HIV/AIDS clients in Lakeland/Winter Haven EMSA (Polk County).

During PY2022, the funding was utilized on homeowner housing rehabilitation, rental assistance, rental development, and home purchase assistance. The City of Lakeland's 2021-2025 Consolidated Plan sets forth the objectives and strategies for meeting its affordable housing, homeless assistance, and non-housing community development needs. This is the first program year that the city has utilized its 2021-2025 Consolidated Plan to guide funding decisions.

The City of Lakeland's Community Development Block Grant (CDBG) and HOME Investment Partnerships (HOME) programs are administered by the Community & Economic Development Department's Housing Division. A complete draft of the CAPER has been made available for public review and comment for a period of 15 days beginning December 4, 2023. The complete document is available for review on the City's website <http://www.lakelandgov.net/departments/community-economic-development/housing/>

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The City had made progress on the goals outlined in the PY2022 Action Plan, which was achieved with the use of entitlement funding in combination with other State and local funds. The Pandemic has slowed the rehabilitation program significantly due to contractor supply issues, but we are hopefully it will soon pick back up soon.

Utilizing the CDBG and HOME funds, the City made efforts in its owner-occupied rehabilitation, home purchase assistance and rental construction programs. The City also funded code enforcement and public services to benefit low to moderate income persons and households and make efforts to prevent persons from becoming homeless. Due to the pandemic declared in March 2020, the city continues to rental and utility assistance to those who had a COVID related loss of income.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

HUD performance measures identify HUD objectives and outcomes and demonstrate the manner and degree to which the City’s activities meet those measures. Performance indicators identify how each funded activity played a role.

The City has identified its housing and community development goals for the next five years. Based on each of those goals, the City has determined which one of the three objectives and outcomes best reflect the purpose of the activity and the desired end result. The performance indicators are the final component of the system.

CDBG, HOME, State Housing Initiatives Partnership Program (SHIP), Community Redevelopment Agency (CRA) and local general funds were effectively used to assist owner-occupied homeowners, homebuyers, renters and support the efforts of non-profit public agencies to benefit low-income persons and households. The new project of rental construction was added to the City’s plan for multi-family units. Due to the pandemic, the City utilized CDBG and SHIP funds to assist households who lost employment.

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted).

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

In addition to the racial and ethnic data provided above, the City also assisted other households or persons from other funding sources:

White: 10

Black or African American: 30

Hispanic: 3

According to the 2022 American Community Survey, the racial makeup of Lakeland's 120,044 residents is 62.3% White; approximately 18.5% Black or African American; 1.7% Asian; 0.3 American Indian/Alaskan Native; 0.1% Pacific Islander; 9.9% Two or More Races and 7.2% Other race categories. The chart above indicates accurate representation of Black or African American residents being assisted with the affordable housing programs as compared to percentage of total population. There is a lower representation of Hispanic being assisted as compares to its percentage of the general population of approximately 18.5%.

Table 3 - Resources Made Available

Narrative

The City's affordable housing programs provided assistance for clients within the corporate limits. The City was awarded \$907,548 and \$430,231 respectively from CDBG and HOME funds from HUD plus program income received. The City was awarded 1,116,238 from the State of Florida State Housing Initiatives Partnership Program (SHIP) funds for PY2022-2023; and was awarded Coronavirus Relief Fund of \$739,348 due to the pandemic. The City Commission committed to the efforts of affordable housing in the community budgeted CRA and local General Funds to rental construction projects.

The City expended additional carryover funds of prior year CDBG funds. The City will continue to work towards goals that target low income households. For HOME funds, \$1,351,217 was made available in the 2020, 2021 & 2022 plan year. These funds include prior years allocations and program income collected. The City budgeted and expended the entire SHIP CRF allocation with the rental assistance program for household who lost income due to COVID.

Table 4 – Identify the geographic distribution and location of investments

Narrative

Assistance is provided throughout the corporate limits of the City. Assistance is directed to the areas of the City with the highest percentage of families at or below 80% of the area median income. Although our programs are offered citywide, the majority of projects are concentrated in the low-income census tracts.

The Housing Rehabilitation program assisted fourteen (7) families, with CDBG, HOME, SHIP, CRA and other local funds, mostly located in these low to moderate census tracts. These totals consist of reconstruction, major and minor rehab projects and emergency repairs. The Down Payment Assistance program provided funds for eleven (13) home buyers in which SHIP and CRA funds were expended.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

The City leverages its formula grant funds with several other local, state and federal resources, contributes general fund monies to public service agencies, and waives and/or reimburses impact fees for affordable housing builders in target areas. The City modified the Urban Homesteading Program and created the InFill Land Bank Program. This program is selling City and CRA vacant infill lots to contractors to construct affordable housing units. City Staff has awarded available city owned lots to non-profit and for-profit developers for single and multi-family developments. General Funds are also awarded to nonprofit agencies providing services to low-income clients. The City has allocated State Housing Initiatives Partnership Program (SHIP) from the State of Florida to utilize for the affordable housing programs. The Housing Division partners with affordable housing developers, the local Homeless Coalition, and other City departments (Planning and Public Works) to utilize State Department of Transportation grants.

The City's Housing Division dedicates its SHIP allocation and prior year SHIP program income to owner occupied rehabilitation, home purchase assistance, and new construction. In program year 2022-2023, through the Housing and Neighborhood Development Services of Central Florida (HANDS), the city also leveraged private mortgage lender funds of approximately \$2,795,177 for home purchase assistance through CRA and SHIP funds. The City has introduced two new projects, rental construction and reconstruction – homeownership: utilizing CDBG, SHIP, CRA and General Funds.

The City issued Request for Proposals for new multi-family construction funds of HOME, CRA and General Funds. Two affordable housing developers were awarded funds to add one hundred seventy affordable housing units to the local inventory.

The HOME match requirements are met with state SHIP funds, city contributions of waiver or reimbursement of impact fees, lending institutions' contributions for homeownership classes (if applicable, may fluctuate from year to year) and reduction of lot costs for development of affordable housing.

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The funds were expended at a slower pace than previous years since the Pandemic. Staff is hopeful supply issues and the lack of contractors available will continue to rise.

The units rehabbed require extensive work or re-construction on same lot, resulting in a higher cost per unit and overall lower numbers assisted. Housing staff dedicated a portion of its time to a minor repair program acquired from the CRA Division. The City is encouraged to assist in producing more rental units. With the home purchase assistance program, there are more first-time homebuyers, and the funds are being depleted faster.

Discuss how these outcomes will impact future annual action plans.

The Housing Division’s Rehabilitation Program has more re-construction and emergency projects due to age of the homes in need of assistance. Reconstruction has a very visible impact on neighborhoods, more so than renovation and repairs and provides the homeowner with more energy efficient housing.

In conjunction with several other City departments and redevelopment partners, the Housing Division is concentrating its efforts in the low-income census neighborhoods for overall area improvements. Concentrated areas receiving additional attention from the Mid-Town CRA, CDBG, HOME and SHIP funds, are being utilized in this housing revitalization effort. These are areas of low income and minority concentration in close proximity to downtown Lakeland and the homeless community.

The Code Enforcement and Housing Divisions have worked cooperatively to resolve code issues before it becomes a problem for the community. Code Enforcement’s efforts have a great impact on neighborhoods. The Housing Division and other public service agencies also received referrals from Code Enforcement to assist homeowners in correcting housing code violations.

The Housing Division does not provide direct funding for economic opportunity in 2022; but jobs are created year-round by CDBG funding public services partners and construction activities.

The City partnered with nonprofit agencies to provide services to homeless families, individuals in need of medical and legal assistance with CDBG and SHIP funds. The City’s Staff will continue to work with the Continuum of Care to prevent homelessness.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual
Extremely Low-income	4,404	0
Low-income	255	1
Moderate-income	0	0
Total	4,659	1

Table 13 – Number of Households Served

Narrative Information

Historically, the City has distributed its federal and state funds relatively evenly among households who were very low and low incomes; placing emphasis on households which are elderly or have special needs.

The public service activities funded provide assistance to agencies which serve youth, seniors, homeless and those households which are predominant income is 80% or less than the area median income. Each public service agency has procedures in place to determine the income eligibility of their clients served.

The Housing Division determines the income eligibility of the affordable housing programs. Middle income clients may be served with the State SHIP funds.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Homeless Coalition of Polk County along with the Polk County Continuum of Care (CoC) created the Coordinated Entry process so that all literally homeless individuals receive a common needs assessment. The community uses the Vulnerability Index Service Prioritization Decision Assistance Tool (VI SPAT). Staff at local homeless providers are trained to complete the assessment. Staff participates in a regional approach and work in cooperation with the Continuum of Care and sits on the Board for the Homeless Coalition of Polk County. Many homeless partners have adopted a housing first model and a coordinated assessment process to address chronic homelessness. There were several locations in Polk County which process the coordinate intake for persons and families in need of services. The City continues its efforts to address situational homelessness and homelessness by families.

Staff participates in the point in time survey, held the first quarter of each year, to obtain an estimated count of homeless in the community and their needs.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City along with homeless providers have developed a strategy to align the emergency shelter and transitional housing beds more closely with the needs over the next five years.

Also, the Housing Division continues to work with Polk County to determine if an emergency shelter outside the City of Lakeland would better serve the homeless. Currently, the only emergency shelters are in the City of Lakeland. The City continues to provide support to local agencies that provide emergency shelter and transitional housing to homeless families.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The City addresses the needs of the homeless population through its staff participation and support of public service agencies. The list below describes the City's efforts in the support of the homeless population:

- Provided operating funds for the Homeless Coalition of Polk County for the required HMIS system. Three thousand nine hundred and ninety-seven (3,997) clients were assisted.
- Provided funds to Wilson House for partial payment of drug abuse counselor in homeless facility. Forty (40) clients were assisted through the program.
- Provided funds to Talbot House for partial payment utilities in homeless facility that helped

One thousand seven hundred eighty-three (1,783) homeless persons.

The City along with the Continuum of Care is addressing this issue by:

- Increasing the funding for rapid re-housing by working with GiveWell, the community foundation serving Lakeland, to make rapid re-housing projects a funding priority.
- Prioritize rapid re-housing for CoC funding.
- Evaluate current CoC transitional housing programs serving families for re-allocation of funding toward rapid re-housing.
- City Staff coordinates efforts with local agencies, HCPC, PHA's and COC to make efforts for more permanent supportive housing in the county.
- CoC to work with Public Housing Authorities on Section 8 and rapid re-housing strategy.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The Housing Division staff worked closely with the local homeless providers and took an active role in assisting the lead agency with the Continuum of Care process. A staff member attends monthly Homeless Coalition of Polk County meetings. The City assisted non-profit agencies with the services listed below.

Without the assistance of these agencies to help the extremely low-income persons, more persons may become homeless.

- Provided assistance to homebound elderly residents helping with in home respite care and monitoring costs.
- Provided funds to Lakeland Volunteers in Medicine (LVIM) to provide three hundred forty-six (346) healthcare visits for qualified working uninsured patients.
- Provide funds to the Boys & Girls Club to pay for thirty-nine (39) scholarships for local at-risk youth for summer camp.
- Provide funds for home based early intervention for ninety-four children who are risk for development delayed.

Staff is working with the HCPC to address other this issue such as:

- Identifying community prevention partners to determine what each prevention partner group can best do for prevention and ensure processes and tools are in place to support prevention.
- Work with landlords to identify stability issues early and effective interventions to keep client housed.
- CoC develops and monitors CoC-wide goals emphasizing housing retention outcomes with results reported in annual performance-based rankings.
- CoC monitors provider housing stability providing technical assistance to poor performers as needed.

- Connect prevention programs coordinated entry allowing households to quickly access the services they need without having to call multiple programs.
- Pursue increased funding for homeless prevention projects including Florida Department of Children and Families Homeless Prevention Grant.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

The City and the Lakeland Housing Authority (LHA) offers their residents positive programs, undertaking by both entities. LHA provides homebuyer education and the City offers down payment and closing assistance. LHA offers the Family Self-Sufficiency and Youth Build Programs, and the City supports these programs by signing the Certificate of Consistency. The City also provides funds for low-income youth for scholarships at a local non-profit's agency and many youths from the housing complexes take advantage of the after school and summer programs.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

LHA is committed to providing families in assisted housing with opportunities for growth and development. All recipients of Section 8 rental assistance are provided counseling through a case management and supportive service referral program based on the Family Self-Sufficiency model. The mission of the Family Self-Sufficiency program is achieved through the coordination and the broadening of the existing resources to help low- and moderate-income persons to become economically independent and self-sufficient.

The Housing Division encourages its general contractors to recruit residents of its housing complexes and Youth Build program with its Section 3 requirements. This would promote opportunities for clients to earn income and to become homeowners. As mentioned above, LHA offers homebuyer education and the City provides down payment and closing assistance to clients.

Actions taken to provide assistance to troubled PHAs

The Lakeland Housing Authority is not designated as "troubled".

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

Impact Fee Credits - All land development activity, regardless of type or location, may receive an impact fee credit for a structure which has been removed within the prior five years.

Impact Fee Exemptions - The City has in place impact fee exemptions targeted to a specific location. Through an inter-local agreement with Polk County, development in the Core Improvement Area is exempt from all County and City impact fees except water, wastewater, and fire service capacity fees.

Affordable Housing Incentive Plan - In 1992 when the State enacted the William E. Sadowski Affordable Housing Act, which provided a comprehensive funding package for affordable housing programs, local governments had to develop a "Local Housing Incentive Plan" to receive funds under the Act. The City appointed an Affordable Housing Advisory Committee (AHAC) which, through the Affordable Housing Incentive Plan, established the incentives to be provided to encourage the development of affordable housing. The incentives include:

- Expedited permitting for all affordable housing developers.
- Developers may request impact fee reimbursements if the unit is sold or rented to an eligible household.
- Eligibility for additional incentives that may be approved by the Affordable Housing Review Committee, including reduced road widths, and modifications in curbing, parking, or other site improvement features.
- The City updated its Incentive Plan September 20221 to include the Central City Supportive Transit Area which is larger area for waiver and/or reimbursement of non-utility impact fees.

Code Enforcement - The Code Enforcement Division is responsible for investigating and citing properties for code violations, boarding up abandoned buildings, demolishing unsafe structures, and maintaining vacant lots. Code Enforcement receives funding from both CDBG and the City's General Fund. Code Enforcement has a new computer system that allows the tracking of code violations by Census Tract.

In Fill Land Bank Program - As a strategy to promote infill housing development in some of Lakeland's most distressed neighborhoods, the In Fill Land Bank Program was developed. The City shall maintain a list of City owned vacant lots suitable for single family construction where the property has marketable title and all back taxes have been paid in full.

Accessory Dwelling Units - The City amended its Land Development regulations to allow accessory dwelling units (ADU) in residential zoning districts. ADUs may provide affordable units for retirees, single people, couples and students while attending college or preparing to become independent.

Shipping Containers have been added to the Land Code Development for affordable housing units in mobile home parks.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The Housing Division has identified several obstacles that will hinder its ability to address the identified needs in the five-year Consolidated Plan.

The primary obstacle to meeting underserved needs in the City is the limited financial resources available to address identified priorities. This year, the amount of CDBG funds requested exceeded the 15% Public Service cap due to the pandemic with the rental assistance program. The State housing trust fund has started to increase over the last several years. This fund complemented the federal funds coming into the community.

During the Fiscal year of 2020 and partial 2021, the nationwide pandemic happened, and the Housing Division concentrated its efforts on rental, mortgage, and utility assistance programs. These programs assisted individuals who had lost jobs or reduced hours because of the pandemic. The demand is great, and the funds are limited. The city continues to assist those in need of rental, mortgage, and utility assistance.

Lakeland/Polk County area has seen an increase of distressed properties, which are properties that sell for less and in an urgent manner, increased homelessness and risk of homelessness, increased loss of employment and the need for increased supportive services for the growing population that is affected by the economy. The City, along with communities, has even fewer resources available to address these issues.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

The City of Lakeland addresses lead-based paint hazards as part of the rehabilitation program. The City addresses any lead-based paint hazards pursuant to 24 CFR Part 35, Subpart B-R. Qualified testers and risk assessment contractors are utilized for the work to be completed for lead based paint stabilization, detection, and abatement using safe work practices. HUD's lead-based paint regulations and requirements are fully incorporated into all the City's rehabilitation and homebuyer activities.

During PY2022, there were three homes tested and one assumed positive for lead-based paint. One house tested positive and two negatives. The homes built before 1978 is presumed to have led-based paint. Since 2000, over \$7.1 million has been expended for lead-based paint testing and abatement, reconstruction, and rehab of housing units. Staff implements the necessary clearance testing.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

The goal of the City is to address issues relating to poverty through assistance to both outside agencies and City programs. Funded activities that provide assistance and training to lower-income persons include: Salvation Army and Talbot House programs, Homeless Coalition of Polk County support, drug prevention activities, after school programs, summer teen activities, volunteers to assist elderly shut-ins, programs for persons with disabilities, counseling, and recreational programs for low-income children. The State has encouraged entitlements to create a strategy with a rapid re-housing plan with its funds.

The Housing Assistance Program will continue to focus on training and counseling activities that help families become successful homeowners. The Affordable Housing Advisory Committee and the Housing Assistance Partnership Task Force will continue to oversee the implementation of housing programs and attempt to ensure affordable, decent housing for all residents. The City's single-family rehab program helps lower income owners make needed repairs, which enables them to remain in their affordable homes.

The Housing Division maintains contacts with other agencies supplying services to low income residents such as the Lakeland Housing Authority, various homeless service agencies, and local non-profit agencies with programs that benefit children and families.

The Lakeland Housing Authority operates the Family Self-Sufficiency and Section 8 FSS programs to promote the development of local strategies to coordinate the use of assistance under the public housing program with public and private resources, enable participating families to increase earned income, reduce or eliminate the need for welfare assistance, and make progress toward achieving economic independence and self-sufficiency. The FSS program supports HUD's strategic goals of helping HUD assisted renters make progress toward housing self-sufficiency welfare reform and help families develop new skills that will lead to economic self-sufficiency. As a result of their participation in the FSS program, many families have achieved stable, well-paid employment, which had made it possible for them to become homeowners or move to other non-assisted housing. The City signs LHA's certificate of consistency for its submission to funding sources.

All local non-profit agencies serving the homeless offer some level of supportive services to program participants, ranging from family counseling to job skill development, all of which are intended to promote self-sufficiency and prevent a return to poverty and homelessness.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The Housing Division continues to network to enhance the institutional structure for affordable housing delivery. Housing also continues to partner with other non-profit agencies (Lakeland Habitat for Humanity, HAND's of Central Florida, and local homeless providers), the Mid Town CRA, multi-family rental unit developers (Lakeland Housing Authority), and other State agencies (Florida Housing Finance Corporation).

In a collaborative effort with local non-profits, the City provides vacant lots at discount cost. Our local Habitat for Humanity and our CHDO agency have taken advantage of the InFill Vacant Lot Program.

The Housing Division administered projects in-house during the past program year. The projects included owner-occupied rehabilitation, home ownership, rental construction and new construction activities. The City has qualified staff and partners to undertake these projects.

To enhance coordination between public and private housing, non-profit and social services agencies, the Housing Division staff may participate in or is an ex-officio member of several organizations:

- Homeless Coalition of Polk County –Housing Division staff attend regular meeting with the Homeless Coalition of Polk County and continues to work on the Continuum of Care planning process for homelessness with the local coalition and homeless providers. The goal is to expand and improve the efficiency of the granting processes during program year.
- Affordable Housing Advisory Committee (AHAC) is an advisory committee organized to review the regulatory issues that impede the development of affordable housing, and to make recommendations regarding same. The AHAC members consist of community professionals from a variety of fields (realty, banking, housing advocate, planning).
- City waives the local non-utility impact fees for multi-family developer which was awarded funding from FHFC.
- The Housing Division encourages organizations to apply for certification as Community Housing Development Organizations (CHDO's) under the HOME program.

Many of the City's service providers or community partners received funding from CDBG.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

The City is committed to the close coordination of all its programs with other City departments, local nonprofits and private sector. The Housing Division Staff will continue to participate in events and planning sessions of the local housing authority, private housing developers and health and social service agencies.

Staff tries to attend various meetings of Polk Vision, a local planning agency. In a survey performed by Lakeland Vision, it outlined several priorities for the local community such as effective land planning to provide diverse housing options for all incomes, preservation of green space and trees, reducing Lakeland's homeless population through outreach shelters and housing programs that provide comprehensive support services, including childcare, education and job placement.

The City has an ongoing relationship with the Lakeland Housing Authority (LHA). The City also supports the LHA Youth Build project.

The City provides several health and social service agencies with CDBG and City general funds through the public/community service application process.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

The City updated its Analysis of Impediments to Fair Housing Choice (AI) for its 2021-2025 Consolidated Plan. This Plan outlines the impediments from the public input, research and an online survey. A current copy of the AI is available for review on the Planning & Housing Office's website at <http://www.lakelandgov.net/departments/community-economic-development/housing/>.

The analysis found previous impediments exist in discrimination based on race/national origin or disability. A new impediment has surfaced in the sub-prime home-refinancing market among minority homeowners. Those homeowners are being targeted by lenders, some employing predatory lending practices. The Housing Division is addressing all impediments and has undertaken a variety of effective fair housing activities. The analysis has identified the Fair Housing Findings and Impediments through the Assessment of Fair Housing process including review of existing conditions, input from housing partners, community survey results and community input. A summary of the Findings and Impediments along with the Actions to Address the Impediments may be found as an attachment.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

The City's Housing Division staff monitors activities on an ongoing basis to ensure all federal and state regulations and statutory requirements are operating effectively. Staff along with the City's Finance Department has established standards and procedures for monitoring of federal and state grant funds. The City has been a CDBG entitlement community since 1974 and approved to receive HOME funds in 1992. In 1992 the state of Florida began the SHIP program and Lakeland was approved to receive these funds. Since the program's inception, the City has had no findings issued for these federal housing programs. Technical assistance is provided through HUD for federal programs and Florida Housing Coalition for state programs with continuing education offered.

The following bulleted list outlines monitoring methodology for all funds:

- Yearly internal auditing is completed by the finance department.
- External auditing of federal and state funds is completed by an independent auditing firm.
- Tracking software used for federal and state funds in place (IDIS for federal funds and SHIP tracking software for state funds).
- Annual reports submitted for federal and state programs.
- Monthly reconciliation of funds for both federal and state programs.
- Drawdown approval completed by Finance Department.
- All sub-recipients for federal funds receive access to OMB circulars and admin. information.
- The State of Florida requires copies of all City audits on a yearly basis.
- Desk monitoring is scheduled monthly with each drawdown request.
- Desk and face to face monitoring of CHDOs is completed yearly.
- SHIP program is monitored by the Florida Housing Finance Corp.
- Desk and face to face monitoring of Public Services programs are performed regularly

The City's grants management staff annually monitors its performance goals and objectives set forth in the Consolidated Plan. Staff also provides ongoing fiscal and programmatic monitoring of each project receiving CDBG, HOME or state SHIP funds. Projects receiving program assistance are monitored to ensure on-going compliance with program requirements. In addition, The City also conducts monitoring of construction projects for labor standards compliance related to Davis-Bacon regulations. Lead-based paint assessments are completed on a project-by-project basis. Finally, The City monitors for access requirements related to Section 504 of the Rehabilitation Act and the Americans With Disabilities Act.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The CAPER for PY2022 was available for review and posted on the City's website at <http://www.lakelandgov.net/departments/community-economic-development/housing/>. The fifteen-day comment period was December 4-22, 2023.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction’s program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

There were no major changes to the 2021-2025 Consolidated Plan Program; but due to the pandemic Staff re-focused its goals to assisting households and persons affected by COVID 19.

The City of Lakeland reassigned the HOPWA funds to the State of Florida Department of Health. The Department of Health has operated this program for many years, and because the City’s staff had limited background in this area, the City determined it best to be handled by the State.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

NONE

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

CR-50 - HOME 24 CFR 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in 24 CFR §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 24 CFR 91.520(e) and 24 CFR 92.351(a)

Currently, the City's housing programs involve single units either for rehabilitation or home purchase. Should future City programs involve housing with five or more HOME assisted units, the City shall give notice through the procurement/bidding procedure of the Affirmative Marketing requirement. A specific Affirmative Marketing Plan shall be developed for the project. HUD form 935.2 Affirmative Fair Housing Marketing Plan may be utilized for such plan.

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics

HOME program income received during the program year totaled \$26,000 from payoffs of home purchase and loan payments. Starting in PY 2021, a portion of the HOME funds were re-allocated to rental construction projects.

The City also allocated HOME funds of \$238,441 for new rental development projects in PY 2022.

Describe other actions taken to foster and maintain affordable housing. 24 CFR 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 24 CFR 91.320(j)

The effect of City public policies on the cost of affordable housing may include tax policy affecting land and other property, land use controls, zoning ordinances, building codes, fees and charges, growth limits, and policies that affect the return on residential investment. The City has a review process in place for all City actions that may adversely impact the development cost of housing. There are programs established to support affordable housing within the city limits: impact fees reimbursement/waiver, affordable housing incentive plan, accessible dwelling units, code enforcement, and urban homesteading.

During PY2022, the City continues its support of low-income housing tax credit projects. The City signs off on the applications and/certifications and if the projects receive funding; this increases the amount of affordable housing units within the city limits.

During PY22, the City committed to the waiver of non-utility impact fees for the following projects:

- Swan Landing (88 units) \$441,584 in waiver of fees.

Community Redevelopment Agency (CRA) funds were utilized for down payment assistance.

Narrative

Fair Housing Findings and Actions to Address Impediments

Through the Assessment of Fair Housing process including review of existing conditions, input from housing partners, community survey results and community input, the following findings and impediments to fair housing have been identified.

- 1) Ownership rates, while consistent with national percentages, are lower for African American and Hispanic households than for white households.
- 2) HMDA data reveals a larger percentage of African Americans being denied mortgages than whites.
- 3) There is need for greater education and outreach regarding housing assistance programs and fair housing including where to report housing discrimination.
- 4) Many people do not have regular access to the Internet. This is an impediment since most information is only available online.
- 5) The cost of transportation and the lack of public transportation is an impediment to affordable housing.
- 6) Many people have difficulty maintaining an acceptable credit rating to qualify for mortgages.
- 7) Both the County and the City offer rehabilitation programs but there is often a long waiting list.
- 8) Lack of information regarding housing assistance programs and the lack of available affordable units are consistently significant barriers for very low, low and moderate-income residents in search of affordable housing.

Actions to Address Impediments

In analyzing the impediments to fair housing within the City of Lakeland the following actions are needed to address impediments to fair housing choice.

Goal 1: Expand Education and Outreach with regard to Fair Housing issues and where to report incidents of Discrimination.

Actions:

- Increase awareness about fair housing providing updated information on the City website.
- Make the housing information readily available on the home page of the City website.
- Continue to distribute fair housing materials at community meetings, town hall meetings, and other events.
- Provide public service announcements quarterly on local media as well as local radio stations.
- Facilitate an annual fair housing symposium to educate partners and the community.
- Coordinate with the Polk County School Board to provide information to parents.
- Work with local adult/continuing education providers and job search assistance agencies to better identify barriers their students/clients face.

Goal 2: Expand Education and Outreach with regard to available Housing Assistance Programs.

Actions:

- Increase awareness about available housing assistance programs through public service announcements on local media and local radio stations.
- Coordinate with lenders to disseminate information.
- Coordinate with local education institutions to disseminate information.
- Coordinate with the municipalities including the building departments and housing authorities to provide information.
- Coordinate with local government code enforcement departments to provide information to homeowners in need.
- Facilitate an annual fair housing symposium to educate partners and the community.
- Coordinate with Polk County School Board to provide information to parents.

Goal 3: Continue and enhance coordination between housing and other community partners, local governments, and housing authorities with regard to fair housing and housing assistance programs.

Actions:

- Increase awareness about available housing assistance programs through public service announcements on local media and local radio stations.
- Coordinate with lenders to disseminate information.
- Coordinate with local education institutions to disseminate information.

Goal 4: Continue to address the need for rental subsidy and financing mechanisms to assist very low, low and moderate-income homebuyers and renters.

Actions:

- Increase awareness about available housing assistance programs through public service announcements on local media and local radio stations.
- Continue existing programs including the Tenant Based Rental Assistance Program, the Housing Rehabilitation Program and the State Housing Initiatives Partnership (SHIP) Program.

Goal 5: Continue to provide homebuyer education to assist potential purchasers to qualify for home loans.

Actions:

- Continue Homebuyer Education Program.
- Increase awareness about available housing assistance programs through public service announcements on local media and local radio stations.

Goal 6: Address the relationship of transportation to affordable housing.

Actions:

- Work with developers to encourage affordable housing near public transit facilities and promote higher densities allowed within Transit Oriented Corridors as provided for in the Comprehensive Plan.

Goal 7: Draft affordable housing-friendly development regulations to allow for greater flexibility in affordable housing project design.

Actions:

- Develop innovative regulations, such as reservation of infrastructure, incentivizing rental development near public transit and financing transit oriented rental development, to assist in addressing regulatory impediments to affordable housing.
- Ensure all development applications are considered, reviewed, and approved without prejudice to the potential residents.
