Vision plans are definitely worth a closer look

There's more to vision health than getting an annual eye exam. It not only makes sure you're seeing clearly, but also supports your eye and overall health. A yearly eye exam monitors your vision and eye health for things like glaucoma and cataracts, and signs of medical conditions, including diabetes and high blood pressure.

Why sign up for vision benefits?

Get an annual eye exam* for no more than \$10 when you see an in-network doctor. And, they may help detect or prevent other eye or health conditions.

Easily find an eye doctor near home, work or away with independent, retail and online options.

Save an average of 80% off retail prices for glasses and contacts with our fixed copays and allowances.

Plus, **caring for you is at the heart of everything we do** so we make it easy for you to get the help you need – when you need it. Our service teams are always ready to help and answer your questions.

Review the benefit information in this guide to help you choose a vision plan that's right for you.
